

**We are looking for
Women with Long Hair
who are looking for
Shorter Hairstyles
that would like
a celebrity makeover,
a role in a movie,
and a chance to help
her favorite charity.**

If you're a woman with long hair who's thinking about getting it cut into a shorter style, we would like to talk to you about appearing in an action/adventure movie being filmed in April in Loveland, CO.

If you are chosen, a highly acclaimed hair fashion designer will consult with you to design your best style before cutting it on camera. The hair which is cut off will be used on a figurine sculpted by Loveland artist Harrison Hand to be sold to raise money for your designated charity.

If you're interested, please text or call Harrison at 970.818.1163
