

On Sunday October 23rd, Fred Griffin, Managing Partner of Light-Speed Color, signed an order with Marv Spanbauer of Konica Minolta Business Solutions for a high-speed, digital color press, which is now installed.

Light-Speed Color is a locally owned, high-quality print shop. Griffin says the acquisition of this amazing device will allow his company to provide a wider range of products and services at a much higher level than previously available.

Please join Fred and his staff at their ribbon cutting and open house on the 21st of December starting at 4:15 PM, at 225 S. Madison Ave
